About Rai University

Established by Gujarat State Legislature under Gujarat Act No. 12 of 2012, Rai University provides world class education and empowering opportunities for all sections of society.

Rai University is committed to equity, inclusiveness and equal opportunity for all while maintaining excellence in interactive teaching methodology, innovation in research and overall development of an individual in an environment that brings out one’s best. Rai University is dedicated to openness, flexibility and the removal of barriers that restrict access to and success in higher level education a few by having a robust online program for those working or those that missed out due to various hardships in their life. Rai University’s mandate is to nurture young minds capable of providing values, leadership and direction to society at large. Emphasizing the significance of academics and considering the value of research in academic study, the University encourages its students to deal with the professional challenges of the corporate world.

Rai University is committed to be one of India’s leading universities, facilitating its students to recognize their zeal and potential enabling them to achieve their academic and professional goals. The list of courses offered by the university is vast which covers subjects from various disciplines. The programs offered give its students an option to opt for their preferable course, ensuring them a flexibility to choose from degree, diploma and certificate.

How are we different?

Rai University offers you a plethora of academic and co-curricular activities providing you with a distinguished set of academic programs to choose from. We have a panel of distinguished faculty members who not only equip students with skills and knowledge but also prepare them for challenges of life with our unique Life Skills for Life program. Our course study enables you to gain opportunities for educational, vocational, professional, social, linguistic and cultural development.

Awards & Recognitions

Rai University Awarded as Best Private Upcoming University

ASSOCHAM presents Excellence Awards to those who have contributed significantly in the field of improving the quality in education delivery with emphasis on world-class research and innovations and enhancing the development of quality education.

Amongst the various categories Rai University was awarded as Best Private Upcoming University at the ASSOCHAM - National Education Excellence Award Ceremony 2013.

The award was presented by Dr. Mangapati Pallam Raju, Hon’ble Union Minister of Human Resource Development, Government of India.

Dr. Shankara Reddy, Provost and Vice Chancellor and Padma Shree recipient - 2009 received the award on behalf of Rai University.

This award is in recognition to Rai University’s commitment to excellence in teaching and in an ever-increasing manner, to research and development.
Message from the Provost

Dear Students,

Welcome to Rai University.

I am delighted that you have chosen to start your academic journey with us. University education is a very important ingredient in one's personal and professional success. The process of earning a degree transforms an individual. It gives an opportunity to learn, to think differently, view the world differently, and most importantly, view oneself differently. In fact, it is a worthwhile journey.

Rai University is an institution dedicated to world-class learning. It is this spirited determination that is palpable in all areas of Rai University from academics to sports, to student activities, to campus committees, and so on.

Rai University offers an innovative curriculum that encourages students and faculty to work closely and collaboratively towards shared learning goals. This inspiring learning culture fosters development of an active human conscience and awareness, as well as deep skills you can use to meet life challenges or career goals.

At Rai University, we believe that everyone should have access to their ambitions to pursue higher education in a world class learning environment. This means access to a fully accredited institution which offers high quality courses taught by highly qualified faculty members.

Remember, as you embark upon the journey towards educational achievement, you are not alone. You, the student, and we, the institution, are partners and are making that journey together.

So, get started! Study hard. Learn all you can. Become the person you want to be. We are here to help you in your successful educational undertaking at Rai University.

Best Wishes,

The Provost
Rai University

- Adds creative attitude to the culture of an organization
- Functions effectively within a team

Life skills make you succeed no matter what - Get that & more with Rai University!
Teaching & Learning Initiatives

Interactive Learning
Our Teaching and Learning Initiatives is an effort that takes you to a higher degree of learning. It enables you to make your learning more efficient making the students actively interact with their faculty. By interacting with the faculty students are encouraged to learn from their valuable experiences further implementing them to their own life. The concept of Teaching and Learning at Rai University is novel and thus involves research at its well appointed laboratories.

Continuous Assessment
In order to maximize the potential of both the student and faculty, we have a well defined assessment process cautiously designed to maintain authenticity for result evaluation.

Compulsory “Soft Skills” Training
In today’s highly competitive world it is vital to prepare the students to meet the professional challenges at corporate level. We at Rai, ensures to provide you assured assistance at every stage, whether it is about improvising on your language or its about having a creative approach to every task taken, we are always ready with our expert advice.

The Clubs
Confidence, creativity and talent building are nurtured at Rai University through various students clubs which act as the powerhouse which light up the entire ambience of the university.

Evolve - The Academic Club: Our Academic Club- Evolve enables you to embark your career voyage as a leader. The concept was initiated as a vision to enhance creativity empowering you to implement your vision into reality; the club organizes a variety of academic events on a regular basis, strengthening its students to perform as better individuals.

Reet - The Cultural Club: The ecstatic cultural club entails the budding managers in regional dances, mimes, carols, fusions, resonance of songs, fresher and farewell parties, games and adorning.

Warrior - The Sports Club: Warrior - The Sports Club inspires you to take part in the sports activities enabling you to meet the challenges at both physical and mental level. The club is focused upon to keep you open with all the opportunities even sports.

Prayatn - a CSR initiative: Prayatn, an initiative by CSR has taken a lead in preserving our flora and fauna. The purpose of creating this club is to save the greenery to support our ecosystem. The benefits of plantation are quite prominent thus our effort lies in to add value to social, communal, environmental and economic categories.
Resources & Facilities

E-Learning Resources
Students get a chance to learn the latest & updated syllabus through Audio-Visual aids, Classroom activities, Lab sessions, Presentations and Video lectures that can be accessed online. The assistance of experience and educated teaching staffs enables them to grasp knowledge through healthy E-learning methodologies.

Library Facility
RU Ahmedabad Library is fully automated with the implementation of NewGenLib Enterprise software (Bar-coding System) and OPAC (Online Public Access Catalogue); and over 20,000 books - both academic and non-academic, giving the students an opportunity to access various aspects of professional life.

Computer Facility
Our computer facility has proven its impeccable solutions through separate labs for distinguished purposes, Project management and Business Environment Simulation Software. We at RAI University ensure 24x7 internet access to our students.

English Language Lab
Our English Language Lab is an educational platform meant for enhancing the communication skills of the students. In this Lab, the students will be given assured assistance to develop their skills over the language empowering them to gain proficiency.

Conference Facility
RAI University is intended to make its students confident enough to deal with the challenges at professional front by providing a real life exposure by conducting conferences at both, National and International Level & by organizing Symposia and workshops for its students.

Transportation Facility
We, at RAI University believe in making your study convenient and hassle free experience. We understand the significance of dependable transport system and hence offer transport facilities from various destinations from Ahmedabad and Gandhinagar.

Hostels for Girls and Boys
Surrounded by contemporary and healthy ambience, on-campus living at RAI University has a rejuvenating experience. Equipped with well appointed and spacious hostel accommodation, it ensures a convenient stay for Girls and Boys.

Recreational Activities
RU believes in imparting knowledge with fun. Hence, well furnished indoor sport rooms are facilitated with Table Tennis, Carom, Pool, Multi-gym and Snacks Bar for quick snacks for the students of the campus.

Laboratories
RAI University is always in the forefront of providing quality training in contemporary science, Bio-Technology, Bio-Informatics, Life sciences and engineering branches like Civil, Mechanical, Electrical, Electronics, Computers etc. with innovative instructional resources.

Workshops
The workshops form the foundation pillar in the academic life of a student, as this develops the curiosity of the works involved and the working idea of the field jobs. This facility caters to courses including Manufacturing Process, Production Engineering and General Workshop Machine Equipments.
Training & Placements

We at Rai University ensure you an enhanced system of getting better placement opportunities in your desired profession. We tend to build up smooth transition right from your classroom to your workplace. Our training and placement program includes regular Industry visits, mentorship activities, field research work, corporate interface and faculty monitored corporate internship programs.

International Experience

Rai University gives you an opportunity to establish relationships with the pioneers of education industry not only in India but across the globe. The university ensures a unique platform for foreign students and faculty via its initiative, "Discover India".

Summer Training and Internships

Rai University encourages its students to take part in its summer training programs and internships with organizations of repute. This enables the students to enhance their prospects for final placements and have better career opportunities.

Placements

Rai University's Corporate Resource Cell (CRC) is a dependable source for its talented students. It provides all the assistance and direction required for a secured job. The resource cell organizes industry visits and Business Summits on a regular basis enabling its students to have corporate interface throughout the year.

Guest Lecture & Industry Visit

Guest Lectures

Rai University gives utmost importance to practical exposure and interaction to its budding managers & engineers with top executives from the Industry. Eminent speakers from the industry are invited to enlighten the students on the current corporate practices continuously.

Industry Visits

Pedagogical tools are matched to the needs of individual programs and emphasize active participation rather than passive assimilation. The case method of study is the major tool. It is supplemented by industry tours, group exercises, role-plays and management games, lectures-cum-discussions and presentations by participants.
INDUSTRY Connect

Our industry interface portal offers a great platform for students, universities and the industry to connect with one another. It is a place where: students can find summer and winter internships, industry projects, and placements in areas of their choice; universities can reach out to companies and employers for the placement and internships of their students; and the industry can connect with universities and can select students who have drive to take up industry specific projects in fields as diverse as market research, software development, etc. (www.industryecnect.in)

moocs learning hub

MOOCs Learning Hub is designed to deliver world-class open online MOOCs courses. Equipped with Wi-Fi, high-end computer work stations, video-conference, video lectures, library, and lounge-café spaces; MLH offers a student led and more youth-friendly learning environment. What’s more, here, you will also be provided with a tutor in a mildly released and flexible atmosphere to guide you through the choice of your course. MLH offers you the choice of opting your course from any of universities offering MOOCs courses. So you will have the opportunity to get your degree / certificate from the most prestigious universities in the world.

International Edge

Discover Vibrant Gujarat & India Program

Rai University, the pioneer has a vast channel of universities and other strategic partners inside and outside the country. Our program “Discover Vibrant Gujarat & India” is meant to promote global partnerships encouraging the students and faculty to experience the education system of incredible India.

Under this collaborative program, Indian Professors and Industry Experts deliver lectures on culture and doing business in India. Further, the industry partners offer internships and practice-based research programs to the participants. Students and Faculties from MIT, Harvard, Yale, Princeton, Stanford, Columbia, University of Pennsylvania, NYU, University of Pittsburg, University of Virginia, University of Texas, Londo School of Economics, University of Western Ontario, University of Pardubice and many others continue to avail of this unique program.
Rai Academic Conclave 2013, a three day academic event organized by Rai University at its campus was inaugurated by Smt. Anandiben Patel, Hon’ble Minister of Revenue and Urban Development, Gujarat Government. She expressed her pleasure and appreciated the efforts of Rai University students and management for taking innovative and advanced initiatives which can take education to the new heights in Gujarat state. She congratulated Rai University for winning National Award for Best Upcoming Private University by ASSOCHAM India.

The inaugural session of the Rai Academic Conclave began with the ceremonial lighting of the lamp by the distinguished guests at the dais. Dr. A Shankara Reddy, Vice Chancellor of Rai University and a recipient of Padma Shree Award briefly introduced Rai University and the Rai Academic Conclave.

Gujarat Women of the Decade Achievers Award held at Rai University by ALL Ladies League (ALL)

ALL Ladies League (ALL) honored fifteen outstanding women of the state with Gujarat Women of the Decade Achievers Awards for remarkable contribution to their chosen fields. At the Award Ceremony held in Rai University, ALL conferred on Smt. Anandiben Patel, Hon’ble Minister of Hon’ble Minister of Revenue and Urban Development, Gujarat Government with a special award for Excellence in Governance & Women Empowerment.
GUJARAT EDUCATION SUMMIT 2014

Rai University, Ahmedabad and ASSOCHAM in association with Knowledge Consortium of Gujarat (KCG) organized ‘Gujarat Education Summit’ at the Rai University campus. The key objective was to build a strong bridge between universities and eminent industries all over Gujarat to focus on creating a road map for enhancing qualitative excellence in education and expansion of higher education in the state.

The book ‘Move with MOOCs’ was released by the Chief Guest Hon’ble Minister Shri Saurabhbhai Patel (Ministry of Energy & Petroleum) and Dr. Harbeen Arora, Chancellor of Rai University.

Convocation Day at Rai University

On 17th November, 2014, the convocation day program at the Rai University Auditorium, Ahmedabad all graduating students including Gold Medal winners were bestowed with degrees. The chief guest was Hon’ble Minister Shri Bhupendrasinh Chudasama (Ministry of Education - Government of Gujarat) & other esteemed guests and dignitaries were H.E. Mr. Burak Akcapar (Ambassador of Turkey to India), H.E. Mr. Gustavo de Aristegui (Ambassador of Spain to India) and Prof. Richard D’Aveni (Tuck School of Business – Dartmouth College) who were bestowed with honorary Doctorate degrees by the Chief Guest, Shri Bhupendrasinh Chudasama & Dr. Harbeen Arora (Chancellor).
Events & Celebrations

Looking Beyond Academics...
At Rai University, we firmly believe in enhancing the skills of our students. We strongly believe that they must be provided with opportunities to explore their creativity. Cultural programs are organized several times during the year to encourage creative pursuits and nurture talent. Students form teams and share responsibility in organizing the events.

All Indian festivals are celebrated on campus with enthusiasm and vigor, by students from the respective states. Special lunch is organized in the hostels to give the students a taste of the region’s culinary tradition.

Sporting Excellence...
RU has excellent sports and recreation facilities on campus, with dedicated facilities for tennis, basketball, badminton and yoga. Students participate regularly in Inter Collegiate, Inter University and State Level Tournaments and have won laurels for Rai University.

Campus Lifestyle...
It’s a diverse community of students at RU, and the activities on offer are as diverse and varied too. From entertainment to extra-curricular or even religious pursuits, there’s never a dull moment on campus.

Public Service
There are many opportunities at RU for students to engage in service to the community - through healthcare camps, blood donation, advocacy campaigns or working with schools for the underprivileged.
Fresher's Eve Celebration

The Fresher’s Eve Event, the most anticipated and awaited event of the year was celebrated with incredible amount of energy and the team effort of the members of the ROC as well by the student participants, staff members and an excited audience.

The evening began with a welcome address by enthusiastic anchors by welcoming the honorable Provost & Registrar of Rai University & the special guests for the evening in the form of enchanting Radio Jockey from Radio One, Ms. Pooja Dalal, Mr. Kalpesh Director - E-CAD Training center - Dholka, Mr. Devang Bhatt - Channel Head-GTPL, Gujarat News, Mr. S. V. Lolekar – Chief Manager – Union Bank of India and Mr. Rajeev – Branch Manager – Union Bank of India, Dholka Region were the other dignitaries who graced the occasion.

The event was put on the floor by some energetic performances by the members of the Rock-Band called “Soch”. After the performances, there were three rounds for the Fresher’s Fashion Walk - The students displayed some fascinating dress designs and a passionate attitude. The final round seemed to be the star attraction as the contestants answered some tricky questions testing their attitude and wit. The efforts of all the three rounds got a wild and thunderous round of applause from the audience. The evening ended with everyone dancing to the DJ’s tunes on the scintillating music alongside the Freshers and a warm welcome to their new life as college students.

Raians Organizing Committee

ROC is a student based committee, which is committed to make events a success at Rai University. From start to finish, the entire planning of events is done by the committee. The committee comprises of twenty students who are young enthusiastic minds, skilled in their own ways. The team is a Combination of qualities such as creativity, good writers, management skills, resourcefulness, dedication and responsibility-which makes this robust committee.
DreamZ Scholarship Scheme for Underprivileged Girls

Rai University is proud to announce Miss Teressa Novarro as our esteemed Goodwill Ambassador for our Dreamz Scholarships. Real development is only possible once quality education can reach in the remotest areas. Rai Foundation, the sponsoring body of Rai University, is widely recognized for its commitment to providing various scholarships based on merit and means. The main focus is on providing better education and career opportunities for young women in the 21st century from the most deprived section. Rai Foundation constantly endeavors to provide educational opportunities to those who need them the most. Professional higher education is crucial for the girl child, in order to gain career competencies, leading to remunerative placement in industry and enhance self-esteem in society.

Like its sponsoring body, Rai University also believes that the development is possible only when quality education and equal opportunities are given to the girl child. To do so, the University has initiated DreamZ Scholarship Scheme for Underprivileged Girls to achieve holistic and realistic empowerment of the girl child in Gujarat. DreamZ Scholarship is a wake up call to the need, urgency and responsibility for each one of us to contribute to the society.

With this initiative, Rai University is confident to create a platform for bringing in some fresh breeze of hope and achievement in the lives of a few of the millions of underprivileged girls.

Under DreamZ Scholarship underprivileged girls of the state are provided with scholarships including free tuition, boarding & lodging, study books & materials, for pursuing professional courses in diverse fields such as hospitality, fashion, media, business & management, etc. Transportation for educational trips, Mediclaim and other peripheral activities related to academics are also included under this scheme. Every year a specified number of underprivileged girls are awarded with full scholarship.

Rai University ensures that the girls hailing from even the most deprived and disadvantaged sections are empowered through quality education with emphasis on leadership skills, innovation and entrepreneurship. Through a dedicated process of skills training, counseling and overall personality & psycho-social development, DreamZ Scholarship girls at Rai University are well on their way to achieve their dreams.
Famed Indian hospitality is indeed true: Czech youth

13 students and a faculty member of Czech Republic are on a visit to the state as part of the ‘Discover India Programme’

The students are exploring India’s culture and tradition through the visit. They are visiting places like the Lotus Temple, Qutub Minar, and the Hall of Music at Radio City in the city.

The visit is being organized by the Prague-based ‘Czech-Indian Cultural Foundation’ and will continue till May 10. The students will also visit places like the Statue of Unity and the Ahmedabad Science City.

All students are being given foreign exchange during the visit. The students are being taken on a guided tour of different places in the state. They are being taken to the places during their visit.

**Programs**
- B.Sc. Agriculture • B.Sc. Horticulture • M.Sc. Agriculture
The Center for Research & Development at Rai University offers an impressive range of doctoral degrees—the most advanced and prestigious degrees that any university can confer. Most of the doctoral programs at Rai University take full advantage of the region’s rich opportunities for research and practice.

Although all doctoral programs are rooted in research and scholarship, some of them are designed primarily to train researchers, while others prepare professionals in a field of practice.

Research Scholars at Rai University get an opportunity to participate in research with their faculty mentors throughout their studies, the best way to acquire research skills. Doctoral candidates typically complete an examination to assess mastery of their field. They then decide on a direction for their own research, prepare their dissertation proposal, obtain the approval of their dissertation committee and dig in to their dissertation project—defending it before an examining committee when it is completed.

PhD in: • Arts, Humanities and Social Sciences • Commerce • Business Administration • Education

Centers of Excellence at Rai University

Several Centers of Excellence are established with an aim to foster Research, Innovation and Creativity.

• Center for Innovation & Entrepreneurship Development (CIED)
• Center for Sustainable Development (CSD)
• Center for Applied Research in Technology (CART)
• Center for Creative Development (CCD)
• Center for Vocational Skill Development (CVSD)
Rai University deeply believes in social responsibility. It offers Special Scholarships & Awards and provides free education to 250 girl students from Gujarat every year.
