ABOUT RAI SCHOOL OF ENGINEERING

Rai School of Engineering is constituent college of Rai University, Ahmedabad established in 2013. Rai School of Engineering a constituent School of Rai University consists of Diploma, B. Tech Degree, BCA, B.Sc. IT and MCA Programmes. RSE emphasizes on skill development, Project based learning and ICT enabled pedagogies to provide Outcome based education to the budding Student fraternity. RSE is powered by distinguished Faculties who focus on Quality Research Papers, Chapters and Books in addition to Patent publication and grant.

VISION

- To produce competent professionals to meet of the emerging technological advancements.

MISSION

- To induce skill centric lifelong learning, problem solving and professional ethics.
- To enable learner centric approach to apply emerging technologies and applications.
- To promote quality education in the advance learning by industry collaboration.

CSE/IT Department Vision and Mission

VISION

- To emerge as front runner in Computer Science and Engineering education and to transform the students into globally competent professionals with expertise in software development and aptitude for research and ethical values.

MISSION

- Inculcate problem solving and team building skills.
- Provide the necessary conducive environment for promoting Analytical Learning.
- Provide the ambience to become industry ready Professionals, Researchers and
- Entrepreneurs by offering courses on cutting edge technology and advanced laboratory courses for the students.
- Create positive mindset for digital automated and innovative solutions.

CSA Department Vision Mission

VISION

- To produce competent Computer Science and Application oriented Professionals to meet the changing global needs.

MISSION

- To promote problem solving and programming capabilities.
- To enable learners to prepare for the changes in Emerging Software Applications.
- To provide Industry collaboration and promote quality learning using Computing facilities.

Mechanical Department Vision and Mission (Diploma)

VISION

- To develop students into technically competent and talented professionals capable of meeting the requirements of industry and society

MISSION

- To providing an economical and high-quality technical education to satisfy ever-changing and demanding needs through a supportive Teaching-learning environment.
- To Providing service to society and industry by creating people with technical capabilities and an entrepreneurial spirit.
- To providing comprehensive education with professional moral principles to promote learners' harmonic growth.

From the Dean's Desk

Prof.(Dr.) Jaykumar A. Dave
Dean, Rai School of Engineering

Dear Students,

As we commence the new semester of the Academic Year 2025–26, I extend my warmest greetings to each of you. A new term is not merely a continuation of your academic journey—it is an opportunity to set fresh goals, embrace new challenges, and strive for excellence.

At Rai School of Engineering, we are committed to providing a holistic educational experience. This semester, you will have access to a variety of enriching activities, including workshops, industrial visits, technical symposiums, and skill-development programs. These initiatives are designed to bridge the gap between theoretical knowledge and practical application, preparing you for the dynamic demands of the engineering profession.

"The future depends on what you do today."

— Mahatma Gandhi

I would like to take this opportunity to commend our students who have excelled in national-level hackathons, Tech Expo 2025, and various innovation challenges. Your achievements not only bring pride to our institution but also set a benchmark for your peers. To our new students—welcome to the RSE family. To our senior students—lead by example and continue to inspire those around you.

Remember, challenges are an integral part of growth. Embrace them with resilience and determination.

"Success is not final, failure is not fatal: it is the courage to continue that counts."

— Winston Churchill

Let us work together to make this semester a period of meaningful learning and personal development. I look forward to witnessing your progress and celebrating your accomplishments in the months ahead. Wishing you a productive and inspiring semester

Warm regards,

Prof.(Dr.) Jaykumar A. Dave
Dean, Rai School of Engineering

Exam Toppers

Congratulations to all the students who performed exceptionally well in the Even Semester Exams for B.Tech CSE/IT, B.Sc IT, BCA, and Diploma CE/IT programs! Your hard work, dedication, and commitment to your studies have paid off, and this achievement is a reflection of your perseverance and academic excellence. We are proud of your accomplishments and encourage you to continue pursuing your goals with the same enthusiasm and determination. Keep shining and continue striving for success in your academic and professional journeys. Best wishes for your future endeavours!

A Master Class on NoSQL and Node .js

We're thrilled to share that the Masterclass on Backend with Node.js | NoSQL Database, held on **8th April 2025** at Rai University, Ahmedabad, was a great success!

- 📌 Students actively explored the fundamentals of Node.js backend development
- 📌 Gained valuable insights into NoSQL databases and their real-world application.

A big thank you to our enthusiastic participants and the organising team from Rai School of Engineering for making this session impactful and memorable. Stay tuned for more such exciting learning opportunities with Rai University!

A Master Class on NoSQL and Node js is typically refers to a comprehensive course or series of lessons designed to teach individuals how to build backend applications using Node.js and interact with NoSQL databases. These masterclasses often cover.

📌 Node.js Fundamentals

Core concepts of Node.js, asynchronous programming, event loop, modules, and working with the Node.js ecosystem.

📌 Express.js Framework

Building RESTful APIs with Express.js, handling routes, middleware, and request/response cycles.

📌 NoSQL Database Integration

Focus on a specific NoSQL database like MongoDB, including data modeling, CRUD operations, advanced queries, and database drivers.

📌 Authentication and Authorization

Implementing user authentication using JWT (JSON Web Tokens) or session-based methods, and managing user roles and permissions.

📌 API Security

Protecting APIs from common vulnerabilities like NoSQL injection, XSS attacks, and implementing rate limiting.

Master Class on Salesforce (Webinar)

A Salesforce Masterclass webinar is a training session focused on Salesforce products, often featuring expert speakers and covering topics like AI, customer experience, and DevOps. These webinars can help users learn how to leverage Salesforce features, improve customer engagement, and enhance their Salesforce skills.

Here's a more detailed breakdown:

📌 Purpose

Masterclass webinars on Salesforce aim to provide users with in-depth knowledge and practical skills related to the platform.

📌 Content

The content varies, but often includes

📌 AI and the Future of Customer Service

Exploring how AI is shaping customer service and how Salesforce can be used to drive success.

📌 Customer Experience and Growth Hacking

Learning how to create seamless customer journeys, build brand loyalty, and personalize experiences.

📌 DevOps Best Practices

Discovering how to scale securely with faster platform adoption using low-code DevOps.

📌 Salesforce Lightning

Learning about the benefits of migrating to Salesforce Lightning and exploring ideas for its implementation.

📌 Target Audience

These webinars cater to a wide range of users, from those new to Salesforce to experienced professionals looking to enhance their skills.

Microsoft Power BI Workshop

Rai School of Engineering & Rai School of Management Studies, Rai University, Ahmedabad, jointly organized a dynamic Microsoft Power BI Workshop—empowering students to master the art of data visualization and analytics.

From connecting diverse data sources to building interactive dashboards with advanced visuals, students learned hands-on skills in Power Query, DAX formulas, and data storytelling—guided by industry best practices in report design and KPI presentation.

Power BI is a business intelligence platform developed by Microsoft, designed to help users visualize and analyse data, turning it into interactive dashboards and reports. It's a cloud-based service with various tools and connectors for accessing and transforming data from diverse sources. Power BI offers features like AI-powered insights, report creation, and the ability to embed visualizations into other applications, making it a versatile tool for business intelligence.

Here's a more detailed breakdown

Data Analysis and Visualization

Power BI allows users to connect to a wide range of data sources, including databases, spreadsheets, cloud services, and more. It then helps users analyze this data using interactive dashboards, charts, graphs, and other visual representations.

Microsoft Power BI Workshop

📌 Cloud-Based Platform

Power BI is primarily a cloud-based service, but it also offers a desktop application (Power BI Desktop) for offline report creation and editing.

📌 AI-Powered Insights

Power BI includes AI capabilities that can automatically analyse data and identify patterns, trends, and anomalies, providing users with deeper insights.

📌 Report Creation and Sharing

Users can create interactive reports and dashboards that can be shared with others within their organization or embedded in other applications.

📌 Integration with Microsoft Ecosystem

Power BI integrates seamlessly with other Microsoft products like Office 365, Teams, and Fabric, making it a natural fit for organizations already using these tools.

📌 Different Versions

Power BI offers various versions, including a free desktop version, Power BI Pro (paid per user), and Power BI Premium (scalable for larger organizations).

📌 Business Intelligence Tool

Power BI is a core component of Microsoft Fabric, a broader data platform, providing analytics and visualization capabilities.

📌 Customization and Flexibility

Power BI offers a high degree of customization and flexibility, allowing users to tailor their dashboards and reports to their specific needs and requirements.

📌 User-Friendly Interface

Power BI is known for its user-friendly interface, making it accessible to users with varying levels of technical expertise.

Microsoft Azure Workshop

Rai School of Engineering, Rai University, Ahmedabad, successfully hosted a hands-on **Microsoft Azure Workshop** on **22nd & 23rd March 2025**.

Students explored key Azure services – from Virtual Machines, Storage, and Active Directory to AI tools like LUIS & Computer Vision. With real-world labs and expert guidance, they gained practical skills in cloud architecture, DevOps, and security—ready to build enterprise-grade solutions.

Microsoft Azure is a comprehensive cloud computing platform that provides a wide array of services for building, deploying, and managing applications across various environments, including public, private, and hybrid clouds. It offers over 200 products and services, including computing, networking, storage, databases, analytics, AI, and more. Azure is designed to be flexible and adaptable, allowing businesses to scale their resources as needed and integrate with existing on-premises infrastructure.

Industrial Visit

Rai School of Engineering, Rai University, Ahmedabad, proudly organized an enriching industrial visit to the **Adani Power Plant and Mundra Port from April 2nd–3rd, 2025.**

Our students had the opportunity to explore cutting-edge technologies and gain first-hand insights into port management, infrastructure, and large-scale industrial operations.

The Adani Mundra Power Plant has a total installed capacity of 4,620 MW. It is a coal-fired thermal power plant located in Mundra, Gujarat, and is operated by Adani Power Mundra. The plant consists of nine generating units, with five supercritical units of 660 MW each and four subcritical units of 330 MW each.

Cultural Events

Rai University Celebrates Birth Anniversary of Chairman Late Mrs. Sadhana Rai

Rai University Remembering a Visionary Leader on the Birth Anniversary of our beloved Founder, Chairman, Late Mrs. Sadhana Rai, We Honor Her enduring Legacy, and Her Vision continuous Guide and inspire us every day at Rai University.

Prof. (Dr.) Anil Tomar Sir, Honorable Provost Rai University, along with the Entire Rai University Family, Paid heartfelt homage and tribute to her Remarkable Contributions towards social welfare. Her Legacy Continues to inspire us towards excellence, innovation and Social Impact.

Cultural Events

Rai University Celebrates NATIONAL TECHNOLOGY DAY,

National Technology Day, observed annually on May 11th in India, is significant as it commemorates India's technological advancements and achievements, particularly the successful Pokhran-II nuclear tests in 1998 which marked the country as a nuclear power. This day also honours scientists, engineers, and innovators for their contributions to national progress and inspires future generations towards science and technology.

Achievement

Faculty Achievement

Prof.(Dr.) Jay Dave

Prof. Dr. Jay Dave has successfully obtained a Canadian Copyright Certificate of Registration (No. 1233580) for their intellectual work. The registration acknowledges their original contribution in a documented creation

The book titled "**Advanced Machine Learning Algorithms**" is a scholarly contribution authored by, Prof.(Dr.) Jay Dave. Published under the banner of Xoffencer, the book explores advanced concepts and techniques in the field of machine learning. The cover design features a futuristic robotic theme, symbolizing the intersection of artificial intelligence and cutting-edge technology. This publication aims to serve as a valuable resource for researchers, students, and professionals in data science and machine learning domains.

Achievement

Prof.(Dr.) Sailesh Iyer

Prof. (Dr.) Sailesh Suryanarayan Iyer from Rai School of Engineering, Rai University, received a Certificate of Appreciation from **Amity School of Engineering & Technology, Amity University**, in association with **Springer**, for serving as a **Reviewer** at the **15th International Conference on Cloud Computing, Data Science & Engineering – Confluence 2025**. The conference was held on **16th–17th January, 2025, at Amity University, Noida, Uttar Pradesh, India**. This certificate recognizes Dr. Iyer's valuable contribution to the academic community through his expert review of research submissions under the theme of **Cloud Computing, Data Science & Engineering**.

Achievement

Prof.(Dr.) Sailesh Iyer

Prof. (Dr.) Sailesh Suryanarayan Iyer, Professor and Dean at Rai School of Engineering, Rai University, Gujarat, was recognized for his **valuable presence and contribution as a Conference Chair at the Second International Conference on Advancements in Science, Technology and Management (ICASTM-II) 2025**. The event was held on **11th & 12th April 2025**, jointly organized by the Department of **Computer Science, St. Xavier's College of Management & Technology (SXCMT), Patna, India** and **the Global Conference Hub, Coimbatore, Tamil Nadu, India**. This recognition highlights Dr. Iyer's leadership and academic contribution to the success of the international conference.

Achievement

Prof.(Dr.) Sailesh Iyer

Prof. (Dr.) Sailesh Suryanarayan Iyer was awarded a Certificate of Appreciation by the **National Forensic Sciences University (NFSU), Gujarat**, for his contribution as a Reviewer at the **2nd International Conference on Role of Blockchain in Digital Forensics and Cyber Security**. The event was held on **22nd April 2025** at NFSU, Gandhinagar, and organized by the **School of Cyber Security & Digital Forensics**. The certificate acknowledges Dr. Iyer's expert evaluation and academic support in enhancing the quality of the conference.

Achievement

Prof.(Dr.) Sailesh Iyer

eEditorial Discovery
Supporting Your Editorial Experience

REVIEWER CERTIFICATE

Dear Dr. Iyer,

Thank you for submitting your evaluation form for the book chapter manuscript, "Transformative Impact of Chatbots and Virtual Assistants in Enhancing Stroke Patient Care and Experience", which is currently under consideration for publication in Transformative Role of Transformer Models in Healthcare.

As I'm sure you are aware, all contributions submitted to IGI Global Scientific Publishing publications must undergo a rigorous, double-anonymized, peer review by multiple industry professionals/academicians before a contribution is selected to appear in any IGI Global book or journal. By serving as a peer reviewer and completing this evaluation, you have played a critical role in this process. Additional detailed information on the rigorous IGI Global Scientific Publishing peer review process may be found at <https://www.igi-global.com/publish/peer-review-process>.

Also, if you haven't done so already, we recommend registering for an ORCID ID. Registering for one is free and easy and will allow you to connect your works published and manuscript reviews through IGI Global to your ORCID ID, providing you with greater visibility and credit for your scholarly contributions. You can register for an ORCID ID at the following link: <https://orcid.org/register>. Additionally, to ensure a streamlined and easy-to-use process, authentication is provided within IGI Global Scientific Publishing's eEditorial Discovery system, and also in the IGI Global Scientific Publishing Online Bookstore.

Please find more information on IGI Global Scientific Publishing's integration with ORCID here: <https://www.igi-global.com/submission/orcid/>

We appreciate your time and efforts in reviewing contributors' work for this publication as this is a tremendous service to not only this publication, but also to the field.

Editorial Board
IGI Global Scientific Publishing

Prof. (Dr.) Sailesh Suryanarayan Iyer was acknowledged by IGI Global Scientific Publishing for his contribution as a peer reviewer for the book chapter titled "Transformative Impact of Chatbots and Virtual Assistants in Enhancing Stroke Patient Care and Experience." This chapter is under consideration for publication in the book Transformative Role of Transformer Models in Healthcare. Dr. Iyer's expert evaluation supported the rigorous double-anonymized peer review process, playing a vital role in ensuring the scholarly quality of the publication.

Achievement**Prof.(Dr.) Sailesh Iyer**

Certificate from CVAR 2025 (Computer Vision and Augmented Reality Conference) **Prof. Sailesh Iyer** from Rai University, Ahmedabad, India, was awarded a **Certificate of Appreciation** for his role as the **Publication Chair at the 2025 International Conference on Computer Vision and Augmented Reality (CVAR 2025)**. The conference was held in Xi'an, China, from May 16 to 18, 2025. His contribution to the publication process ensured the quality and integrity of the conference proceedings.

Achievement**Prof.(Dr.) Sailesh Iyer**

Certificate from ICICKE-2025, CMR University, Bengaluru, **Prof. Sailesh Iyer** received recognition from **CMR University, Bengaluru for serving as a Reviewer at the International Conference on Intelligent Computing and Knowledge Extraction (ICICKE-2025)**. The conference was conducted by the School of Engineering and Technology, CMR University, in association with IEEE Bangalore Section, on **6th and 7th June 2025**. His role as a reviewer helped maintain the academic standards of the submitted research papers.

Achievement

Prof.(Dr.) Sailesh Iyer

Certificate of Appreciation – ICCGIV 2025 (Universiti Teknologi Malaysia), **Prof. Sailesh Iyer** of Rai University, Ahmedabad, India, received a **Certificate of Appreciation for serving as the Publicity Chair at the 5th International Conference on Computer Graphics, Image, and Virtualization (ICCGIV 2025)**. The conference, held in Kuala Lumpur, Malaysia from **June 6–8, 2025**, gathered global experts to discuss advancements in computer graphics, image processing, and virtualization. His role in enhancing the event's visibility and communication was formally recognized by the organizing

Achievement

Prof.(Dr.) Sailesh Iyer

Certificate of Appreciation – ICEMMA 2025, **Prof. (Dr.) Sailesh** Suryanarayan Iyer, Dean at Rai School of Engineering, Rai University, received a **Certificate of Appreciation for delivering a Keynote Address at the International Conference on Engineering, Medicine, Management, Arts, and Sciences (ICEMMA-2025)**. The event, organized by Chendur Research Foundation, took place on **May 30–31 and June 1, 2025**. His keynote offered expert insights and helped shape discussions across multiple interdisciplinary domains.

Achievement

Prof.(Dr.) Sailesh Iyer

Certificate of Appreciation – ICEMMA 2025, **Prof. (Dr.) Sailesh Suryanarayan Iyer**, Dean at Rai School of Engineering, Rai University, received a **Certificate of Appreciation for delivering a Keynote Address at the International Conference on Engineering, Medicine, Management, Arts, and Sciences (ICEMMA-2025)**. The event, organized by Chendur Research Foundation, took place on **May 30–31 and June 1, 2025**. His keynote offered expert insights and helped shape discussions across multiple interdisciplinary domains.

Achievement

Prof.(Dr.) Sailesh Iyer

Certificate of Recognition – ICRCESM 2025, **Prof. (Dr.) Sailesh Suryanarayan Iyer** was honored with a **Certificate of Recognition for his valuable presence and contribution as a Conference Chair at the First International Conference on Research Communications in Engineering, Science and Management (ICRCESM 2025)**. The event was jointly organized by RSP Research Hub and Ramachandra College of Engineering, Andhra Pradesh, and held from **May 30 to 31, 2025**. His leadership and involvement significantly contributed to the success of the conference.

Prof.(Dr.) Sailesh Iyer

Certificate of Registration of Design – Government of India

Prof. Sailesh Suryanarayan Iyer, along with co-applicants, received a **Certificate of Registration of Design from the Patent Office, Government of India**. The certificate acknowledges the registration of a design titled **“Wireless Sensor Powered by Artificial Intelligence”**, under the **Designs Act, 2000**. This registration, dated 01/03/2025, officially recognizes the originality and utility of the AI-powered sensor design developed by the team.

Achievement

Prof.(Dr.) Sailesh Iyer

GCECC-2025 (Global Conference on Emerging Computing and Communication) In the committee listing for GCECC-2025, Prof. Sailesh Iyer is listed under the Publication Chairs, showcasing his repeated and trusted involvement in high-level academic editorial responsibilities. The listing includes various reputed scholars from international universities, demonstrating the caliber and diversity of the committee.

Achievement

Prof.(Dr.) Sailesh Iyer

Certificate of Participation – ISTE Sponsored National Conference (Indus University)

Prof. Sailesh Iyer from Rai University, Dholka, Ahmedabad, was awarded a **Certificate of Participation for presenting his research paper titled "An Approach to Mitigate Security Attacks in Connected Vehicles Based on IoT Devices"**. The presentation took place during the ISTE Sponsored National Conference on the Role of Science & Technology in Viksit Bharat@2047, held on May 30–31, 2025 at Indus University, Ahmedabad. His research contributed to ongoing discussions around IoT security in transportation systems.

ICSPNC 2025 – International Conference on Signal Processing, Networks, and Communications

Prof. Sailesh Iyer has been acknowledged as a Publication Chair for ICSPNC 2025. This role places him alongside global academics such as Prof. Parikshit N. Mahalle and Assoc. Prof. Nasir Saeed, emphasizing his international academic collaboration. This reflects his consistent engagement in advancing conference literature quality and scholarly communication.

Achievement

Prof.(Dr.) Sailesh Iyer

ICIKCE-2025 Official Committee Listing

Prof. Sailesh Iyer is listed as a Publicity Chair for the ICIKCE-2025, underlining his active participation in promoting the conference, managing communications, and coordinating with collaborators. His role supported the successful engagement of scholars and researchers globally.

Achievement

Prof.(Dr.) Sailesh Iyer

CVAR 2025 Website – Committee Listing

Prof. Sailesh Iyer is featured on the official website of **CVAR 2025** under the **Publication Chairs** section, **further highlighting his key role in managing and overseeing the editorial aspects of the conference publications.** His presence in the core committee showcases his academic involvement in international research platforms

Achievement

Prof.(Dr.) Sailesh Iyer

Conference Committee Involvement – ICCGIV 2025

Prof. Sailesh Iyer from Rai University, Ahmedabad, India has been appointed as a **Publicity Chair** for the **5th International Conference on Computer Graphics, Image, and Virtualization (ICCGIV 2025)**. His name appears alongside other distinguished international academics from institutions in Malaysia and China. The conference is organized under the leadership of Universiti Teknologi Malaysia and features a diverse committee structure including advisory, organizing, program, and publication chairs. Prof. Iyer's inclusion as Publicity Chair highlights his pivotal role in promoting the conference, coordinating media outreach, and enhancing global visibility. This recognition affirms his professional credibility and active participation in the international academic

Achievement**Ms. Poonam Chakravarty**

On April 26, 2025, **Ms. Chakravarty Poonam Dineshkumar** from Rai University actively **participated in a significant academic event titled "Protecting Intellectual Property Rights (IPRs) and IP Management for Startups", conducted as part of the World IP Day Celebration.** The event was organized by the Institution's Innovation Council (IIC) and SSIP Cell of Rai University, Ahmedabad. This insightful session aimed to raise awareness about the importance of Intellectual Property Rights (IPRs), particularly in the context of startups and innovation. It emphasized how proper IP management is crucial for protecting new ideas, securing commercial advantages, and fostering innovation ecosystems.

Achievement

Ms. Poonam Chakravarty

Poonam Chakravarty from Rai University **successfully completed the "International Workshop on Research Manuscript Drafting and Patent Filing Process (ThinkDraft PatentEdge-2025)", organized by Eudoxia Research University, USA, in collaboration with leading global institutions.** The workshop focused on enhancing participants' knowledge and skills in drafting research manuscripts and understanding the patent filing process. The event was supported by organizations such as IIT Bombay, UWIRC UK, and others, aiming to promote innovation, research ethics, and intellectual property awareness. Poonam's participation reflects a strong commitment to academic research and innovation, enriching her professional and scholarly capabilities.

Achievement

Ms. Poonam Chakravarty

FDP Participation – Poornima College of Engineering

Ms. Poonam Chakravarty actively participated in a Faculty Development Program (FDP) titled “Machine Learning for Educators: Building a Foundation for Future Skills,” held from 23rd to 27th June 2025. The FDP was organized by the Department of Advance Computing, Poornima College of Engineering, Jaipur, Rajasthan. The session aimed at enhancing faculty knowledge in machine learning technologies and their pedagogical applications. Her participation in this FDP highlights her dedication to upgrading her technical and teaching competencies in emerging areas of computing. This effort not only contributes to her personal academic growth but also enhances the quality of education imparted to students. Her proactive engagement is commendable and appreciated.

Achievement

Ms. Poonam Chakravarty

Peer Review – Journal of Multimedia Technology & Recent Advancements

Ms. Poonam Chakravarty served as a peer reviewer for the esteemed Journal of Multimedia Technology & Recent Advancements (STM Journals). She provided critical feedback and evaluation for the manuscript titled "Advancements in AI-Driven Sound Spectrogram Analysis: From Deep Learning to Quantum and Neuromorphic Processing." Her expert insights were instrumental in maintaining the scholarly integrity and academic standards of the journal. This contribution reflects her subject-matter expertise and commitment to fostering high-quality academic publishing. Serving on the editorial review panel, Ms. Chakravarty has demonstrated her proficiency in AI-driven research and peer collaboration. Her scholarly involvement significantly supports academic excellence and research-based knowledge dissemination.

Achievement

Ms. Poonam Chakravarty

Webinar Participation – Knowledge Consortium of Gujarat

Ms. Poonam Chakravarty participated in an enlightening online webinar on “Creativity in Teaching-Learning Process” conducted on 18th June 2025. This session was organized under the TEERTH initiative by the Knowledge Consortium of Gujarat (KCG), operating under the Education Department, Government of Gujarat. The webinar focused on innovative strategies to enhance creativity and engagement in classroom teaching. Ms. Chakravarty's involvement in such developmental sessions reflects her continual commitment to adopting innovative educational practices. Her proactive efforts to integrate creative teaching methods aim to benefit her students and the institution through improved teaching-learning outcomes. Such participation adds immense value to faculty development programs and overall academic enhancement.

Achievement

Ms. Poonam Chakravarty

Peer Review – Current Trends in Information Technology

Ms. Poonam Chakravarty contributed as a peer reviewer for the reputed journal *Current Trends in Information Technology* (STM Journals). She reviewed the manuscript titled "The Digital Lifeline: How Computers Shape Everyday Life," providing detailed insights to strengthen the academic content and relevance of the work. Her active participation in the editorial review panel showcases her academic integrity, analytical abilities, and a strong sense of responsibility in maintaining high standards of academic publishing. This review contribution is a testament to her commitment toward promoting quality research and knowledge sharing. Her scholarly efforts are vital in supporting the ongoing advancement of research and publication excellence.

Achievement**Mr. Jigar Pandya**

Mr. Jigar D Pandya has attended online webinar on "Practising theories of psychology in classroom" dated 25/4/2025, under the "TEERTH" organized by Knowledge consortium of Gujarat, Education Department, Government of Gujarat.

Achievement**Mr. Jigar Pandya**

On April 26, 2025, **Mr. Jigar D Pandya** from Rai University actively participated in a significant academic event titled **"Protecting Intellectual Property Rights (IPRs) and IP Management for Startups"**, conducted as part of the **World IP Day Celebration**. The event was organized by the Institution's Innovation Council (IIC) and SSIP Cell of Rai University, Ahmedabad.

This insightful session aimed to raise awareness about the importance of Intellectual Property Rights (IPRs), particularly in the context of startups and innovation. It emphasized how proper IP management is crucial for protecting new ideas, securing commercial advantages, and fostering innovation ecosystems.

Achievement

Mr. Jigar Pandya

Mr. Jigar D Pandya participated in the Faculty Development Program titled "Machine Learning & Deep Learning for educators: Building a foundation for future skills," held from June 23rd to June 27th, 2025. This event was organized by the Department of Advance Computing at Poornima College of Engineering, Jaipur, Rajasthan, as part of their celebration of 25 years of excellence. The certificate is officially endorsed by Dr. Amol Saxena (HoD, Adv. Computing), Dr. Pankaj Dhemla (Vice-Principal, PCE), and Dr. Mahesh M. Bundeale (Principal & Director, PCE). It highlights the institution's commitment to skill enhancement and its accreditation from esteemed authorities.

Achievement

Dr. Irfan Ahmad Khan

Certificate of Participation

This Certificate is Awarded to

DR.IRFAN AHMAD KHAN

For Successful Completion of Orientation Program on "**How to Strengthen Internal Quality Assurance Systems (IQAS) of HEI for NAAC Binary Accreditation Framework**" Conducted by Accreditation Ranking and Certification Network of India (ARCNET India) and CliMed Research Solutions, India, on **24 April, 2025**.

DR. AJIT SINGH
Founder & CEO
Curio & CliMed Research Solutions

DR. MAHENDRA S RATHORE
Author, Trainer and NAAC
Accreditation Expert

Dr. Irfan Ahmad Khan successfully completed the orientation program on "How to Strengthen Internal Quality Assurance Systems (IQAS) of HEI for NAAC Binary Accreditation Framework" on 24 April 2025. The program was organized by the Accreditation Ranking and Certification Network of India (ARCNET India) in collaboration with CliMed Research Solutions. The session aimed to enhance participants' understanding of internal quality systems within Higher Educational Institutions (HEIs) as per NAAC guidelines. Dr. Khan's participation reflects his commitment to continuous institutional improvement and academic excellence through effective quality assurance practices in higher education.

Achievement

Dr. Irfan Ahmad Khan

Dr. Irfan Ahmad Khan from Rai University, Ahmedabad, participated in the International Workshop on Autonomous Underwater Vehicles (AUV) held on May 1, 2025. The event was organized by the Glocal School of Science & Technology, Glocal University, Saharanpur, in collaboration with Aligarh Muslim University (AMU). The workshop aimed to provide insights into the design, development, and application of underwater robotic systems for research and exploration. Irfan Ahmad Khan's participation highlights his interest in advanced technologies and marine robotics, fostering academic growth and interdisciplinary learning in the field of underwater systems and intelligent vehicle technologies.

Achievement

Mr. Arpit Chopra

Mr. Arpit Chopra, Assistant Professor at Rai University, Ahmedabad, served as a valued member of the Organizing Committee for the Five-Day Capacity Building Programme on "Quantitative Research Using SPSS for Legal Research", held from 22nd to 26th April 2025. The program was organized by the School of Law, Rai University in collaboration with Law Teachers India and Centre for Legal Research and Studies (CLRS Academy). His dedication, coordination, and tireless efforts significantly contributed to the successful execution of the event, reflecting his commitment to promoting research excellence and professional growth in the field of legal education.

Achievement

Mr. Arpit Chopra

Mr. Arpit Chopra participated in an online webinar on "Leadership development for governance and management of the institute" held on 08/4/2025. The session was organized by the Knowledge Consortium of Gujarat (KCG) under the TEERTH initiative of the Education Department, Government of Gujarat.

Achievement

Mr. Arpit Chopra

Mr. Arpit Chopra participated in an online webinar on "Embracing Continuous learning: The key to personal growth" held on 10/6/2025. The session was organized by the Knowledge Consortium of Gujarat (KCG) under the TEERTH initiative of the Education Department, Government of Gujarat.

Achievement

Mr. Arpit Chopra

Mr. Arpit Chopra successfully participated in the Faculty Development Program (FDP) on "Machine Learning & Deep Learning for Educators: Building a Foundation for Future Skills". The FDP was held from 23rd to 27th June 2025, organized by the Department of Advance Computing, Poornima College of Engineering, Jaipur, Rajasthan. The program aimed to enhance foundational knowledge in AI and equip educators with future-ready teaching skills in emerging technologies.

Achievement

Mr. Arpit Chopra

Mr. Arpit Chopra participated in an online webinar on "Creativity in Teaching-Learning Process" held on 18th June 2025. The session was organized by the Knowledge Consortium of Gujarat (KCG) under the TEERTH initiative of the Education Department, Government of Gujarat. The webinar aimed to promote innovative strategies in pedagogy, encouraging educators to integrate creativity into classroom practices for enhanced student engagement and learning outcomes. Mr. Arpit Chopra's participation reflects a strong commitment to continuous professional development and adopting modern teaching methodologies in alignment with contemporary educational needs

Achievement**Mr. Arpit Chopra**

Mr. Arpit Chopra from RAI School of Engineering successfully participated in the event "Protecting Intellectual Property Rights (IPRs) and IP Management for Startups", organized on April 26, 2025, by the IIC & SSIP Cell of Rai University, Ahmedabad. The event was part of the World IP Day Celebration and focused on promoting awareness regarding intellectual property rights and their crucial role in startup ecosystems. The session offered insights into legal frameworks, IP strategy, and innovation protection. Arpit Chopra's participation reflects a proactive approach towards understanding the value of IPR in academic and entrepreneurial environments.

Achievement

Mr. Saket Swarndeeep

Mr. Saket Swarndeeep Jayant Kumar participated in an online webinar titled "Embracing Continuous Learning: The Key to Personal Growth" conducted on 10th June 2025. The session was organized under the TEERTH initiative by the Knowledge Consortium of Gujarat (KCG), part of the Education Department, Government of Gujarat. The certificate of participation is jointly signed by Dr. Mahesh Patel (OSD, KCG) and Shri Dilip Kumar Rana (IAS, CEO, KCG). The webinar aimed to promote the importance of continuous learning for personal and professional development.

Achievement

Mr. Saket Swarndeeep

Mr. Saket Swarndeeep successfully participated in the Faculty Development Program (FDP) on "Machine Learning & Deep Learning for Educators: Building a Foundation for Future Skills". The FDP was held from 23rd to 27th June 2025, organized by the Department of Advance Computing, Poornima College of Engineering, Jaipur, Rajasthan. The program aimed to enhance foundational knowledge in AI and equip educators with future-ready teaching skills in emerging technologies.

Achievement

Mr. Saket Swarndeeep

Mr. Saket Swarndeeep Jayant Kumar successfully participated in the online webinar titled "Practical Techniques for Enhancing Psychological Well-Being", held on 26th June 2025. This session was part of the TEERTH initiative, organized by the Knowledge Consortium of Gujarat (KCG) under the Education Department, Government of Gujarat. The event aimed to equip participants with practical strategies to improve mental and emotional health. The certificate was duly signed by Dr. Mahesh Patel (OSD, KCG) and Shri Dilip Kumar Rana (IAS, CEO, KCG).

Achievement

Mr. Amarjeet Kannaujiya

Mr. Amarjeet Kannaujiya successfully participated in the online webinar titled "Practical Techniques for Enhancing Psychological Well-Being", held on 26th June 2025. This session was part of the TEERTH initiative, organized by the Knowledge Consortium of Gujarat (KCG) under the Education Department, Government of Gujarat. The event aimed to equip participants with practical strategies to improve mental and emotional health. The certificate was duly signed by Dr. Mahesh Patel (OSD, KCG) and Shri Dilip Kumar Rana (IAS, CEO, KCG).

Achievement

Mr. Amarjeet Kannauija

Mr. Amarjeet Kannauiya successfully participated in the Faculty Development Program (FDP) on "Machine Learning & Deep Learning for Educators: Building a Foundation for Future Skills". The FDP was held from 23rd to 27th June 2025, organized by the Department of Advance Computing, Poornima College of Engineering, Jaipur, Rajasthan. The program aimed to enhance foundational knowledge in AI and equip educators with future-ready teaching skills in emerging technologies.

Achievement

Ms. Arpita Maheriya

Ms. Maheriya has successfully submitted a review for the manuscript COMPJ-2025-05-0608 to The Computer Journal. On 8th June 2025, the journal's editorial office officially acknowledged the receipt of the review comments. The contribution was appreciated by the editorial team, highlighting Dr. Maheriya's support and active involvement in the peer-review process. This review effort contributes to maintaining the quality and integrity of academic publishing.

Achievement

Ms. Arpita Maheriya

Ms. Maheriya Arpita Pareshkumar participated in the online webinar titled "Practical Techniques for Enhancing Psychological Well-Being" held on 26th June 2025. This session was conducted under the TEERTH initiative and organized by the Knowledge Consortium of Gujarat (KCG) in association with the Education Department, Government of Gujarat. The session focused on promoting strategies to support psychological wellness. The participation was acknowledged through a certificate signed by Dr. Mahesh Patel (OSD, KCG) and Shri Dilip Kumar Rana (IAS, CEO, KCG).

Achievement

Ms. Arpita Maheriya

Miss Maheriya contributed as a reviewer for the book chapter titled "Navigating Genomics via Artificial Intelligence", which is currently under consideration for publication in the Encyclopedia of Modern Artificial Intelligence by IGI Global Scientific Publishing. Her evaluation form was submitted successfully, and her efforts have been acknowledged by the editorial board. The review process adhered to IGI Global's rigorous double-blind peer-review system, highlighting her role in maintaining academic standards. IGI Global also encouraged ORCID registration for enhanced reviewer recognition and transparency.

Achievement

Ms. Arpita Maheriya

Ms. Maheriya Arpita Pareshkumar attended an online webinar on "Embracing Continuous Learning: The Key to Personal Growth" held on 10th June 2025. This session was organized as part of the TEERTH initiative by the Knowledge Consortium of Gujarat (KCG) under the Education Department, Government of Gujarat. The webinar emphasized the importance of lifelong learning for personal and professional advancement. The participation was formally acknowledged with a certificate signed by Dr. Mahesh Patel (OSD, KCG) and Shri Dilip Kumar Rana (IAS, CEO, KCG).

Achievement

Ms. Arpita Maheriya

Ms. Arpita Pareshkumar Maheriya participated in the online webinar titled "Creativity in Teaching-Learning Process" held on 18th June 2025. The session was part of the TEERTH initiative, organized by the Knowledge Consortium of Gujarat (KCG) under the Education Department, Government of Gujarat. The webinar focused on innovative approaches to enhance creativity in education. Her participation was acknowledged through a certificate signed by Dr. Mahesh Patel (OSD, KCG) and Shri Dilip Kumar Rana (IAS, CEO, KCG).

Achievement**Mr. Nayan Jadav**

Mr. Nayan Jadav participated in a webinar on "Investing in Small-Cap and Mid-Cap Stocks" conducted by the National Institute of Securities Markets (NISM), a capacity-building initiative of SEBI. The session was held on May 05, 2025, and focused on investment strategies and risk considerations related to small-cap and mid-cap stocks. His participation was officially recognized with a certificate issued by Sanjeev Bajaj, General Manager, NISM.

Achievement**Mr. Nayan Jadav**

Mr. Nayan Jadav successfully participated in a professional webinar titled "Cross Cultural Business Communication – Working with International Teams" held on May 13, 2025. Organized by KOENIG, the session aimed to enhance communication strategies across diverse cultures in global business environments. The certificate acknowledges his active engagement and learning in this specialized domain, contributing to his skill development in international teamwork and professional interactions. The certificate bears the KOENIG logo and a formal layout that reflects the credibility of the issuer and the significance of the topic.

Students Achievement

Congratulations to **Priyasha Yadav** for completing the **"GitHub Copilot Fundamentals"** course powered by Microsoft & Simplilearn. Your proactive learning spirit and interest in AI-driven coding tools are truly impressive. Keep exploring, keep excelling!

Congratulations to **Kanishka Trivedi** from Rai University for successfully completing the **Microsoft Azure AI Essentials Professional Certificate** by Microsoft and LinkedIn Learning! Your dedication to learning cutting-edge technologies like **Machine Learning, Azure AI Studio, and Generative AI** is truly inspiring. Wishing you continued success on your AI journey!

Congratulations, **Parth Jadav**! Completing the **"Deep Dive on Container Security"** course is a fantastic achievement. Your dedication to strengthening your cyber security skills is truly commendable. Keep pushing forward—great things lie

Hats off to **Parth Jadav** for earning the **Node.js (Intermediate) certificate** from **HackerRank**! Your backend skills are shining bright – here's to many more milestones!

Students Achievement

Big congratulations to **Mavani PriyKumar Kamlesh** for successfully completing the **Generative AI Virtual Internship** with **Google Cloud & EduSkills!** Your enthusiasm for AI innovation is commendable. Keep it up!

Big cheers to you, **Priyasha!** Completing the **Azure Services course is no small feat – you nailed it!** Your hard work and curiosity are truly inspiring. Here's to more learning, growing and shinning ahead!!

Huge congratulations to **Priyasha Yadav** for successfully completing the **Cybersecurity Analyst Job Simulation with TATA & Forage!** Your commitment to mastering cyber security skills is truly commendable. Keep pushing boundaries and building a strong future in tech!

Big congratulations to **Priyasha Yadav** for completing the **Cyber Job Simulation with Deloitte!** Your continued efforts in cyber security are paving the way for a bright future. Keep growing and glowing in tech!

Students Achievement

Hats off to

Priyasha Yadav for earning the **CSS (Basic)** certification on **HackerRank**! Mastering the foundations of web design is a great step forward. Keep coding and creating!

Congratulations,

Priy Mavani ! Earning the **HackerRank certificate in Rest API (Intermediate)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Congratulations, **Priy Mavani!**

Earning the **HackerRank certificate in Node(Basic)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Congratulations, **Priy Mavani!**

Earning the **HackerRank certificate in JavaScript(Basic)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Students Achievement

Well done, **Mavani PriyKumar Kamlesh!** Successfully completing the **Azure Fundamentals** training at Rai University is a great step toward cloud expertise. Your commitment to learning and hands-on participation is truly admirable. Wishing you continued success in your tech journey!

Congratulations, **Parth Jadav!** Completing the **Microsoft Power BI Fundamentals training** is a strong step toward mastering data analytics. Your dedication to hands-on learning is truly impressive. Keep growing and exploring new tech horizons—great job!

Great job, **Parth Jadav!** Participating in the **Odoo X Gujarat Vidyapith Hackathon '25** shows your enthusiasm for innovation and problem-solving. Hackathons are where skills meet creativity—keep challenging yourself and growing!

Congratulations **Parth Yadav!** Earning the **HackerRank certificate in Rest API (Intermediate)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Students Achievement

Congratulations, **Parth Yadav**,
Earning the **HackerRank certificate in Node(Basic)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Congratulations, **Parth Jadav**!
Completing the **Full Stack Development course from Infosys Springboard** is a great achievement. Your dedication to mastering both front-end and back-end skills is impressive. Keep pushing boundaries and building great things!

Well done, **Parth**!
Finishing the **Azure Basics course** reflects your commitment to learning cloud technologies. You're laying a strong foundation in Microsoft Azure—great job! Keep climbing higher in the cloud space.

Congratulations, **Khushi Rajput**
Earning the **HackerRank certificate in SQL(Basic)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Students Achievement

Big congratulations,

Khushi Rajput! Successfully completing this course shows your dedication to mastering secure containerized environments—a crucial skill in modern DevOps and cloud infrastructure. Keep pushing forward!

Congratulations to you,

Khushi Rajput! Completing the **Getting Started with Gateway Load Balancer course** shows your initiative to dive into modern database solutions. You're clearly growing your AWS skill set step by step. Stay consistent and keep learning.

Congratulations

Kanishka! Successfully completing the 2-day **Azure Fundamentals training** is a fantastic achievement. Wishing you all the best as you continue to grow and excel in your career!

Congratulations **Ishita Trivedi!**

Earning the **HackerRank certificate in Node(Basic)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Students Achievement

Congratulations **Ishita Trivedi!**

Earning the **HackerRank certificate in JavaScript(Basic)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Congratulations **Isha Patel!**

Earning the **HackerRank certificate in Rest API(Intermediate)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Congratulations, **Dristi!**

You have done an amazing job completing the **Azure Fundamentals and Deep Dive on Container Security courses**. Your dedication and hard work are truly inspiring. Keep shining and achieving great milestones ahead!

Congratulations, **Isha!**

Completing the Azure Fundamentals course and hands-on training at Rai University is a fantastic achievement. Your commitment to learning and growth is commendable. Wishing you all the best for your future goals!

Students Achievement

Congratulations **Isha Patel** on successfully completing the **Azure Fundamentals training** at Rai University! Wishing you great success in your future endeavors.

Well done, **Dristi Gupta**, on completing the **Deep Dive on Container Security** course! Keep up the excellent work and all the best for your career ahead.

Congratulations **Aditya Raulji** Earning the **HackerRank certificate in SQL(Intermediate)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Congratulations **Dristi Gupta** for successfully completing the course on **Getting Started with Gateway Load Balancer**. Your dedication to learning and skill development is commendable! Keep up the great work!

Students Achievement

Congratulations **Aditya Raulji** Earning the **HackerRank certificate in React(Basic)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Well done **Aditya Raulji** on successfully completing the course on **Introduction to the Basic of Azure Services**. Keep up the great work and keep growing!

Congratulations **Dristi Gupta** on completing the course **Getting Started with Amazon DocumentDB**! Your dedication to learning and growing in cloud technologies is truly commendable. Keep reaching higher!

Congratulations **Aditya Raulji** Earning the **HackerRank certificate in SQL(Advanced)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Students Achievement

Congratulations **Aditya Raulji**

Earning the **HackerRank certificate in JavaScript(Intermediate)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Congratulations **Aditya Raulji**,

Earning the **HackerRank certificate in React(Basic)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Well done **Isha Patel**

on successfully completing the course on **Introduction to the Basic of Azure Services**. Keep up the great work and keep growing!

Congratulations **Aditya Raulji**, Earning the **HackerRank certificate in Node.js(Intermediate)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Students Achievement

Congratulations **Isha Patel**, Earning the **HackerRank certificate in JavaScript(Basic)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Great job, **Aditya Raulji**! Finishing the **GitHub Copilot Fundamentals** course is a valuable step towards mastering modern development tools. Keep pushing forward and achieving new heights!

Congratulations **Aditya Raulji**! Earning the **HackerRank certificate in Problem Solving(Basic)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Congratulations **Aditya Raulji**! Earning the **HackerRank certificate in React API(Intermediate)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Students Achievement

Congratulations **Aditya Raulji** on completing the course **Getting Started with Gateway Load Balancer**. Your dedication to learning and growing in cloud technologies is truly commendable. Keep reaching higher!

Great job, **Aditya Raulji**! Finishing the **GitHub Copilot Fundamentals** course is a valuable step towards mastering modern development tools. Keep pushing forward and achieving new heights!

Congratulations **Aditya Raulji**! Earning the HackerRank certificate in **Frontend Developer(React)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Well done **Aditya Raulji** on successfully completing the course on Azure Fundamentals. Keep up the great work and keep growing!

Students Achievement

Congratulations **Aditya Raulji** on completing the course **Getting Started with Amazon DocumentDB!** Your dedication to learning and growing in cloud technologies is truly commendable. Keep reaching higher!

Congratulations **Aditya Raulji** on completing the **Deep Dive on Container Security.** Your dedication to learning and growing in cloud technologies is truly commendable. Keep reaching higher!

Congratulations **Aditya Raulji** on successfully completing the **Azure Fundamentals training** at Rai University! Wishing you great success in your future endeavors.

Well done **Isha Trivedi** on successfully completing the course on **Azure Fundamentals.** Keep up the great work and keep growing!

Students Achievement

Congratulations **Khushi Rajput** on completing the course **Getting Started with Amazon DocumentDB!** Your dedication to learning and growing in cloud technologies is truly commendable. Keep reaching higher!

Congratulations **Khushi Rajput!** Earning the **HackerRank certificate in SQL(Intermediate)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Congratulations **Parth Yadav!** Earning the **HackerRank certificate in JavaScript(Intermediate)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Congratulations **Parth Jadav** on successfully completing the **Azure Fundamentals training at Rai University!** Wishing you great success in your future endeavors.

Students Achievement

Congratulations **Priya Mavani!** Earning the **HackerRank certificate in CSS(Basic)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Congratulations **Priya Mavani,** Earning the **HackerRank certificate in React(Basic)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Great job, **Priyanshu Yadav!** Finishing the **GitHub Copilot Fundamentals course** is a valuable step towards mastering modern development tools. Keep pushing forward and achieving new heights!

Congratulations **Priyanshu Yadav** on successfully completing the **Azure Fundamentals training at Rai University!** Wishing you great success in your future endeavors.

Students Achievement

Congratulations to **Priyasha Yadav**, a student of Rai University, for successfully completing the **Cybersecurity Analyst Job Simulation by Tata on Forage**. She gained hands-on experience in IAM fundamentals, strategy assessment, and platform integration. A proud moment for Rai University!

Congratulations **Ishita Trivedi** Earning the **HackerRank certificate in Node(Basic)** is a great achievement and reflects your strong technical skills. Keep up the great work—this is a solid step forward in your coding journey!

Great job, **Priy Mavani!** Finishing the **GitHub Copilot Fundamentals course** is a valuable step towards mastering modern development tools. Keep pushing forward and achieving new heights!

Great job, Mavani **Priy Kumar Kamlesh !** Participating in the **Odoo X Gujarat Vidyapith Hackathon '25** shows your enthusiasm for innovation and problem-solving. Hackathons are where skills meet creativity—keep challenging yourself and growing!

AI IN 2050

In the middle of AI, artificial intelligence will be more advanced and ubiquitous in daily life.

AI systems will become incredibly sophisticated, possessing human-level cognitive abilities to understand, learn, and apply knowledge across various domains. AI is expected to handle complex tasks such as conducting scientific research, providing education tailored to individual needs, and functioning in medical diagnostics and treatment.

AI will be integrated into everyday life, such as autonomous vehicles, smart cities, and intelligent virtual assistants. AI-driven automation will revolutionize industries like manufacturing, logistics, and customer service, boosting productivity and efficiency.

There, ethical considerations and safety concerns must remain important – including decision-making transparency, risk integrated into everyday life – including autonomous vehicles, smart cities, intelligent virtual assistants. AI-driven automation will revolutionize industries such as manufacturing, logistics, and customer service, boosting productivity and efficiency.

Ethical considerations could be raised to importance addressing concerns surrounding AI deployment, bias, and the implications of AI surpassing human intelligence.

AI surpasses in the transformative time with AI profoundly changing society. In short, there are benefits and challenges of living alongside highly intelligent machines, and strong bold the contribute to guide toward.

9/11 PLANE CRASHES

On September 11, 2001, terrorists from the extremist group al-Qaeda hijacked four commercial airplanes in the United States, carrying out coordinated attacks that shocked the world.

Two of the planes, American Airlines Flight 11 and United Airlines Flight 175, were flown into the twin towers of the World Trade Center in New York City, causing the iconic buildings to collapse.

A third plane, American Airlines Flight 77, crashed into the Pentagon in Arlington, Virginia, severely damaging the building.

The fourth plane, United Airlines Flight 93, was headed for another target but crashed into a field in Pennsylvania after passengers attempted to overcome the hijackers.

The 9/11 attacks resulted in the deaths of nearly 3,000 people and injured thousands more.

The events of that day had profound and lasting impacts on the United States and the world, leading to significant changes in U.S. domestic and foreign policy, and a heightened focus on counterterrorism efforts.

An Eye-Opening Visit to Adani's Mundra Port – India's Gateway to the World

Recently, I had the chance to explore the massive and futuristic Mundra Port under the Project UDAAN , operated by the Adani Group in Gujarat – and honestly, it was nothing short of incredible. From the moment we entered, we witnessed the scale, discipline, and tech-driven efficiency of one of Asia's largest ports. Upon arrival at Mundra, participants are usually accommodated at facilities like Adani Shanti Vihar . The initial itinerary often includes an introduction to the port's expansive infrastructure, highlighting its role as a major economic gateway with multimodal connectivity. The journey took us through some of the most advanced and integrated infrastructures in the country:

Visit place 1: Adani Wilmar (Oil Refinery & Liquid Packaging)

We saw live packaging of 5 to 15-litre oil containers, where zero wastage policy was strictly followed. Every drop counted – and the precision in operation was just next-level. We also visited the refinery area where we got the knowledge of how the raw oils are imported from foreign countries through ships and transferred to the refinery area and then after processing it is converted into different products. Our industrial professor clear the doubts of students .

Visit place 2: Adani Port (Bulk Cargo Handling)

We saw the large containers and the cranes used for the transport of the containers . Then we went to the exhibition room of the port where our industrial professional explain us about the whole port in a 3D map and the handling of bulk commodities, showcasing the port's capacity to manage large-scale cargo operations. Then we took a tour of the largest port through our bus and return to Shanti Vihar .

VR Experience of the Entire Port

We kicked off with a fully immersive VR tour, giving us a 360° view of the port's operations – from logistics to transportation, terminal handling, and energy zones – all at once.

Student Articles

In the evening, we visited the beautiful Arti at the temple, which was a peaceful and spiritual experience. The serene atmosphere and devotional chants created a calming effect after a long day. After returning, we had dinner with our group, followed by an enjoyable night of entertainment. Other university students were also there some of us joined them for watching IPL and others joined them for Garba session. It was a joyful blend of culture, fun, and bonding that made the evening truly memorable and vibrant.

Day2

Visit place 3: Coal Import Facility

It was fascinating to see how India imports coal from Indonesia, South Africa, and Australia, and how it's managed and distributed through high-capacity automated systems. This gave us real insight into global trade logistics and India's energy backbone.

Visit place 4: Adani Power Plant

we explored the Adani Mundra Thermal Power Plant, India's largest private coal-based power plant with a capacity of 4,620 MW. Coal is imported through the port and transported via a dedicated conveyor system. We observed the plant's control systems, emission management technologies, and seawater-based cooling mechanisms. The visit provided valuable insights into large-scale energy production, port-integrated logistics, and the role of modern technology in sustainable power generation.

Visit place 5: Solar Panel Manufacturing Unit

Adani Solar's facility truly stood out – showcasing India's push towards clean energy. From raw silicon to finished panels, we saw the full vertical integration under one roof. It was a glimpse into the future of sustainable power. Each site we visited reflected not just engineering brilliance, but also a deep commitment to sustainability and innovation. Whether it was energy, packaging, or logistics – every process was optimized, automated, and forward-looking. This visit helped me understand how large-scale industrial ecosystems function together – and how infrastructure, energy, and sustainability can go hand in hand. Grateful for the opportunity and the amazing team who made this visit possible.

Thank you Adani Group and Rai University for this opportunity, we all had a great time together, gained knowledge, made coordination and support each other during the trip.

INTERNSHIP & CAREER PLANNING, YOUR ROADMAP TO SUCCESS.

INTRODUCTION

Landing the right internship can be a game changer for your future career, dreams and aspirations. Internships are more than just another line in your resume; it's a chance of a lifetime to gain real world working experience, build professional networks and explore more on what your field of study holds. But with so many options and resources, knowing where to start can be greatly overwhelming. Don't worry, this article serves as a guide that will help you navigate the process step by step.

WHERE AND WHEN TO START?

You might be wondering when is the perfect time to start planning for your career well, one man once said a journey of a thousand miles begins with a single step, and now is the time. Most students think applying for internships in their junior years works best, however starting to think about your career path as soon as freshman gives you a huge advantage as it gives you the leverage to do a thorough research on companies, identifying your interest and setting goals. Remember the earliest of birds gets the fattest worms, don't wait until it's too late.

FINDING OPPORTUNITIES

Our human and resource management board is a treasure trove of resources, from resume reviews to job listing and workshops all at our disposal. Furthermore, there are several online platforms that you can exploit including, Handshake, LinkedIn, Indeed and Glassdoor offer countless internship postings. Never underestimate the power of networking; talk to your faculties, alumni, peers and attend job fairs and info sessions on campus. Sometimes simple conversations can lead to an unimaginable door of opportunities.

Student Articles

CRAFTING YOUR APPLICATION

The foundation of a strong application starts with a tailored resume that highlights your relevant skills and experience. Use keywords from the internship description to catch the recruiter's eye. Pair it with a compelling cover letter that tells your story and explains why you're interested in the role. They say practice makes perfect, practice common interview questions and consider mock interviews with career counselors to build your confidence. And always follow up professionally after interviews, it shows enthusiasm and gratitude.

MAKING THE MOST OF YOUR INTERNSHIP

Once you land an internship treat it as a learning experience, set clear goals with your supervisors early on, and seek feedback regularly. Build strong relationships with your mentors and colleagues; these connections can be invaluable later. Keep track of your accomplishments and new skills to update your resume and LinkedIn profiles.

WHAT IS IF YOU DON'T GET ONE RIGHT AWAY?
Not landing a internship right away is very common and is not the end of the road. Explore alternative ways to gain experience, such as volunteering, freelance and personal projects or even learning new skills online for example courses and certification which can also boost your skills and show initiative. Stay positive and persistent, your efforts will surely pay off.

CONCLUSION

Career planning isn't a one-time event; it's a continuous journey. Every step you take now helps shape your future. Use the resources around you, stay curious, and don't be afraid to ask for help. Your dream internship, and career are within reach. The ball is now in your court.
