ALUMNI MEETING REPORT

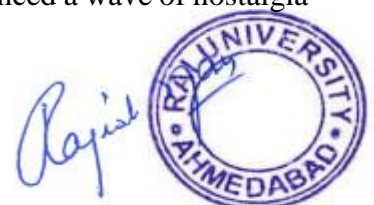

The 25th of February 2024 embarked as a momentous day at Rai University Ahmedabad the much-awaited day to welcome our notable Alumni. The alumni meet is to reconnect with the Alumni and celebrate their success and various achievements. The Alumni started arriving at college by 09:30 am and they were welcomed by applying Tilak as a part of traditional practice and were directed towards the registration desk and they were asked to fill out the registration form. This glorious event brought all our alumni together at Rai University.

The Alumni Meet started with a welcome address by Dr. Bijendra Singh Yadav, Honourable Registrar. The meeting was graced by the presence of the Dean, and HoD's of all departments. Dr. Yadav in his inaugural speech touched upon the 'mool mantra' of having a good thought process. He stressed that the thought process is how you form and organize your thoughts. Furthermore, he emphasized why Thinking is an important mental process. It helps us to define and organise experiences, plan, learn, reflect, and create. He spoke on the recent developments in Rai University like starting of new courses viz M.Pharm, BA-LLB, BBA-LLB, etc and a new spacious central library being built.

Then the event was followed up by the thrilling session of the Alumni Talk in which our Alumni shared their experiences and memories during the tenure of their course and stay on the university Campus.

Then the event started with the games which served as fun-loving and recreational activities among the participants. Then the event was followed up by distributing gifts to the Alumni.

The most emotional moment of the event was when the alumni took a tour of their old classrooms and campus, reminiscing about their college days. After the tour, the alumni had a chance to reconnect with their old classmates and the faculty. It was heart-warming to see the excitement and joy on the alumni's faces as they shared their experiences and memories of their time at the University. It was indeed a great opportunity for the alumni to catch up with their old friends, network with each other, and build new connections. Many of them were seen clicking photographs with their former classmates and faculty, capturing the memories of the day. The event infused a concoction of emotions as the alumni experienced a wave of nostalgia and camaraderie.

The glorious event came to an end with a vote of Thanks and after that, we played the testimonial video and circulated the Feedback Form to our alumni to collect some necessary information regarding various aspects of the development of our Alumni Cell.

We took our Alumni for a delicious lunch which was arranged at our university campus. The sumptuous lunch buffet was a delightful spread of dishes, including classic favourites and new recipes. The lunch was not just about the food; it was more of an opportunity for the alumni to catch up with each other and relive old memories. The guests shared stories, jokes, and experiences, and there was a sense of camaraderie and nostalgia in the air.

A group photo was taken to commemorate the day's events. As the evening drew to a close, the alumni bid each other farewell, promising to recreate this day again soon.

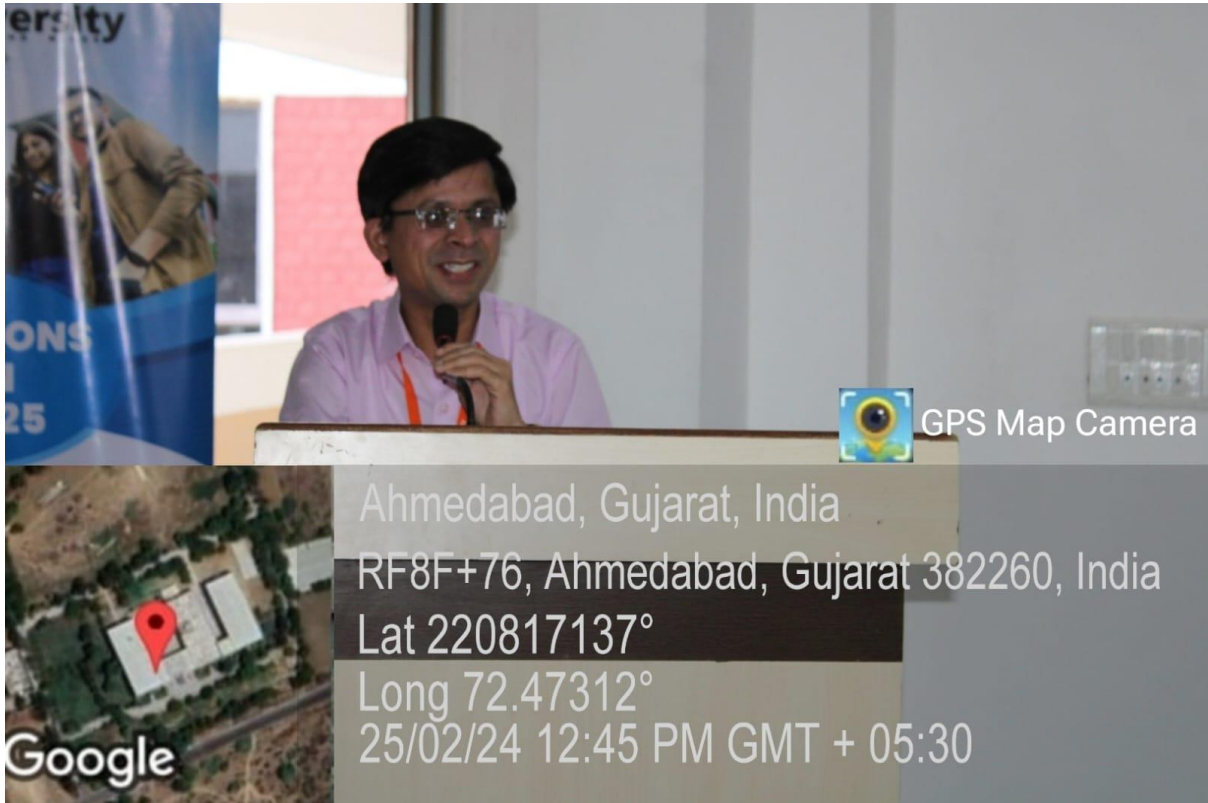

They left feeling rejuvenated and refreshed, having enjoyed a delightful day spent in the company of good friends.

To conclude the day, the Alumni Association Committee thanked everyone for making it to the event and requested them to join all future events with the same gusto and involvement.

Lastly, this event could not have been a successful one without the contribution of our great management who allowed us to organize this event and the contribution of the staff members are remarkable who contributed by the duty endorsed on them being an important part of this event.

Reflecting on my time at I am reminded of the countless memories, experiences, and lessons that have shaped me into the person I am today. From the moment I stepped on to this campus, I was welcomed into a community that fostered growth, learning, and innovation.

One of the most valuable aspects of my college experience was the opportunity to interact with a diverse group of individuals from various backgrounds, cultures, and perspectives. This rich tapestry of diversity not only enriched my academic pursuits but also broadened my horizons and helped me develop a deeper understanding of the world around me.

The faculty and staff at Rai University played a pivotal role in my journey, serving as mentors, guides, and sources of inspiration. Their unwavering support, encouragement, and dedication empowered me to push boundaries, challenge myself, and strive for excellence in all endeavors.

As I stand before you today, I am filled with a mixture of emotions – gratitude, nostalgia, and excitement for the future. My journey at Rai University has been nothing short of transformative, and I am deeply honored to share a glimpse of it with you all.

Rudhresh Mishtry
B.Tech

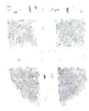

When I first stepped foot on this campus, I was filled with apprehension and uncertainty. Like many of my peers, I was unsure of what lay ahead and whether I would be able to navigate the challenges that awaited me. However, as time passed and I became more immersed in the vibrant community here, those fears slowly faded away.

Rai University has provided me with not only an education but also a sense of belonging. From the passionate professors who tirelessly dedicated themselves to our learning, to the supportive classmates who became like family, each individual has played a pivotal role in shaping my journey.

Through the countless lectures, group discussions, and practical experiences, I have grown not only academically but also personally. I have learned to think critically, communicate effectively, and approach challenges with resilience and determination – skills that I know will serve me well in whatever path I choose to pursue.

But perhaps, the most valuable lesson I have learned during my time here is the importance of embracing diversity and fostering inclusivity. Rai University celebrates individuals from all walks of life, and it is through this diversity that we are able to enrich our learning experiences and broaden our perspectives
